Mountain Weather Forecast

Brecon Beacons National Park

Forecast valid from 06:00 on Friday 11 Sep 2020 until 23:59 on Saturday 12 Sep 2020

Forecast Issued on Friday 11 Sep 2020 at 02:49

Confidence: High for the largely dry weather over the next few days, with the exception of Friday evening when there will be a spell of rain. Moderate for the timing of the clearance of the rain on Friday night, and for the strength of winds over the weekend.

Headline for Friday 11 Sep 2020: Isolated showers at first then dry with sunny spells. Some rain on Friday night.

Mountain weather hazards on Friday 11 Sep 2020

Forecast for Friday 11 Sep 2020

Weather: Friday morning will be a mix of sunny spells and isolated light showers. The showers should die away around midday with the afternoon remaining dry with sunny spells. Cloud will thicken during the evening, with outbreaks of rain developing before midnight.

Chance of cloud free mountain/hill tops above 600m: 90% at first with only patchy cloud briefly covering slopes above 500m as early fog lifts and disperses, improving to 100% by mid-morning. Deteriorating to 30% or less mid-evening onwards as cloud thickens and lowers to 500-600m.

Visibility: Mainly very good with only slight deteriorations in any showers, but becoming occasionally moderate in rain before midnight.
